- I took these positions because I feel I can make positive contributions that will represent both the PSAL and Staten Island Boys basketball in the best light. I believe in the mission of the Public Schools Athletic League, which is “to provide opportunities for educating students in physical fitness, character development and socialization skills through an athletic program that fosters teamwork, discipline and sportsmanship”.
- I have been a member of SI IAABO Board #185 since 1984. With 27 years of active service as a boys basketball official I know the capabilities of all the members of Board #185 as well as a good number of officials from the other boroughs that I’ve had the pleasure to work with over the years. As an assignor my job is to put the best officials on the floor. I will use the top IAABO BD #185 officials as well as highly rated off-Island officials. I will also work very closely with the SIHSL assignor in sharing information on officials and avoiding scheduling conflicts.
- As the Borough Supervisor I view my role as a bridge of communication between the PSAL and the coaches. I can tell you the PSAL expects professionalism from everyone involved in the program and part of my job is to insure that the behavior of spectators, coaches, and administrators is something we can all be proud of and in line with the mission of the PSAL.
- Assignor Expectations: Professionalism –be on time, properly dressed, appropriate behavior benefitting an official and know the rules. Take care of business-coaches are role models for their teams. Bench decorum is to be strictly enforced. Failure to enforce the rules or address “bad boy” behavior may result in loss of schedule. Do not be afraid of the coaches-just remember-I am their supervisor as well.
- I will be at most of the games in my capacity as the Borough Supervisor to observe everything from the officiating, court conditions, school security, to spectator and coach behavior. I’m confident that with your cooperation and help we can be truly mission-driven. I’m very excited about these positions and look forward to working with all of you so together we can provide the best possible experience to every PSAL boy’s basketball player on Staten Island.
